

BLEACH RUSH

by Renjun, Salman, Heng Jun, Hayyan

Introduction

Our character goes to the mall to buy bleach to get a stain out of his shirt...and has to go to the supermarket to remove stain... but salespeople block his way

Main target audience

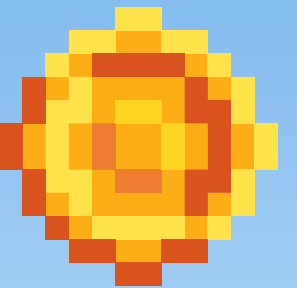

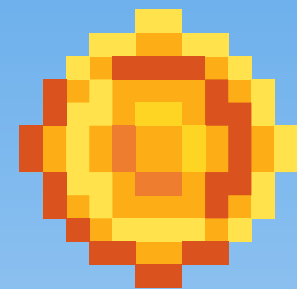

Our main target audience is for people who don't regularly go outside (introversion) because of the characters reaction to going outside and seeing people, the audience will kin him.

The background of the slide is a pixel art landscape. It features a blue sky, a yellow sun, and green hills. In the foreground, there are several pixel art trees and bushes in shades of green and yellow. The overall style is reminiscent of early computer graphics or video game environments.
